ENGINEERED TO ENDURE[®]

NORIX

Norix Education

Dorm Room Furniture Norix Titan and Protégé are specifically designed dorm room furniture that is built to withstand heavy use without sacrificing modern, elegant, home-like appeal. The wood finish on steel construction creates a resilient dorm setting without the institutional look to help students feel more at home.

Classroom Furniture Permanent and temporary seating and tables make many of the Norix products ideals for classroom furniture. Whether the goal is to stimulate thought and creativity or to simply endure the challenges of heavy-use, Norix products are built to deliver.

Residence Halls and Rec Hall Furniture Style and function can be combined when looking to furnish challenging environments such as residence halls, rec centers, and student centers. Norix provides a wide range of suitable options including dining, lounge, activity, and event furniture.

Element™ Series

Element™ is a designer-friendly series of lounge furniture that provides facilities with reliable performance. Mix and match the Element™ Lounge Chair, Love Seat and Sofa throughout your facility depending upon the needs of spaces.

Upholstery

Our upholstery comes in a variety of performance grades so you can choose the appropriate vinyl for your facility. Both seat and back cushions are field replaceable.

Specially formulated arm cap attached to frame with T-nuts.

Generous seat width and cushioned support provide comfortable lounging.

Frame is made of heavy duty milled wood for strength and durability.

Upholstery available in a variety of patterns and grades.

Clean Out between seat and back allows dirt and debris to fall to the ground rather than gather in chair.

Injection molded nylon feet are engineered for strength and to protect floors.

Durability

Element™ is highly durable due to construction and the materials. On the inside, Element™ is supported by a sturdy milled-wood frame that is connected with metal hardware to ensure durability and longevity. On the outside, the arm rests are protected and covered with a specially formulated arm cap. These arm caps are available in black and are mounted to the wood frame with steel T-nuts.

Features and Benefits

Whether you are picking a lounge chair, love seat or sofa, Element will add to or create an aesthetic appeal in lounges, lobbies or other educational spaces where you need attractive furniture. Additionally, the series was designed to last and is appropriate for constant-use environments in facilities that see lots of traffic.

Mix-Up™ Series

Mix-Up™ that allows you to use five different-shaped products to produce endless configurations. This diverse series is perfect for common areas, lobbies or any area where playful, attractive and durable furniture is applicable.

Endless upholstery options and three base colors allow facilities to pick an aesthetic that perfectly matches their environment. Choose products that are round, square, wedge and rectangle. Then ... well ... mix them up!

Five different shapes allow for endless configurations.

High density foam interior provides stability and comfortable sitting.

Enormous upholstery options in different grades, colors, patterns, materials and price points.

High-impact polyethylene bases available in three colors.

Shapes

Mix-Up™ is highly configurable due to its variety in shapes. The products are designed in round, square, wedge and rectangles. This allows you to mix and match different forms to create highly customized configurations that meet your facility's requirements or vision. Want to use the rectangles to create a square? You can do that. Mix and match shapes to create your own artistic configuration? Sure. Use these products to accompany other Norix product lines? Go for it!

Materials

Mix-Up™ can bring a pop of color or a calming element to educational environments due to the enormous upholstery options available. Choose upholstery in different grades, colors, patterns, materials and price points to fit your budget and requirements. High density foam inside the chair allows for comfortable yet stable sitting, while the base is made of high impact polyethylene that is available in three neutral colors, each of which pairs well with nearly all upholstery options.

Hex-It™

The hexagonal shape of Hex-It™ is a fun and durable kids seating and table solution. This multi-function marvel allows you to flip the product on one side and use it as a stool. Flip it on its other side and you have a table. It's an ideal kids furniture series with a fun shape that's ready to be configured to your space.

Overall Dimensions

- Hex-It Small: 20.5"D x 18"W x 13"H
- Hex-It Large: 26"D x 22.5"W x 13"H

FDA Approved and GREENGUARD Gold Certified for low chemical emissions to UL 2818. UL.COM/GG.

Made of rotationally molded, high-impact polyethylene for maximum durability.

Smooth surface is easy to clean and sanitize.

Premium TruColor™ material is fully compounded for superior color consistency and durability.

Designed with no holes or moving parts.

A-Maze™

A-Maze™ is a one-seat wonder due to the endless configurations that can be created. Its six colors, secure construction and playful shape make this perfect for daycares, classrooms, play areas and any other place in your facility where children may gather. This light-weight product can be moved and re-configured as needed and is applicable to high-traffic and constant-use areas.

Overall Dimensions

- A-Maze: 43"D x 17.5"W x 22"H

Smooth surface is easy to clean and sanitize.

Designed with no holes or moving parts.

FDA Approved and GREENGUARD Gold Certified for low chemical emissions to UL 2818. UL.COM/GG.

Made of rotationally molded, high-impact polyethylene for maximum durability.

Elle Chair

The heart of the series is the Elle Chair, which was designed to look like a playful abstraction of an elephant with a cute trunk, wiggly tale and floppy ears. A child-appropriate back rest provides secure seating for the little ones using this product.

Options:

- Ganging Kit*
- Bolt-Down Kit*

*Elle Table Only

Overall Dimensions

- Elle Chair: 15.1"D x 22.4"W x 19.5"H
- Elle Table: 55.2"D x 26"W x 22.4"H

Elle Table

The Elle Table features a Safari scene on its front and three docking stations on its backside that can house three Elle Chairs. Additionally, two tables can be pushed and ganged together, providing a larger surface space and six docks for Elle chairs. It also can be pushed up against a wall to save space. It creates a perfect little majestic jungle wonder world!

Both pieces feature rounded edges throughout to provide safeguard against injury.

Elle Table and Chair are made of rotationally molded, high-impact polyethylene for maximum durability.

Cute elephant motif surrounds kids with friends.

Elle Tables can easily be ganged together for a larger hexagonal table that seats six.

Fun jungle relief theme to inspire imagination and exploration.

The Elle Series is FDA Approved and GREENGUARD Gold Certified for low chemical emissions to UL 2818. UL.COM/GG.

Titan® Series

Looking for residential furniture that can endure years of use in an education environment? Look no further than the Titan® Series from Norix – a complete line of steel case goods that combines functional versatility with the durability of all-steel construction. There’s no substitute for the strength, safety and durability of steel furniture, and Titan has emerged as the product of choice in constant-use settings. Why? Because Titan was designed to perform in the most challenging environments.

Titan is an ideal choice to replace problem wood furniture. Its all steel construction delivers maximum strength, durability, and peace of mind. Titan products are heavy ... and heavy duty. You don’t have to worry that they’ll be invaded by bedbugs, picked apart, or broken by those who use it. Steel stands the test of time, and provides the best value option. Day in and day out – year after year – Titan delivers worry-free performance.

Norix Installation Services

Norix education furniture is safe, secure and built to last ...providing outstanding long-term value and peace of mind for your staff. For facilities not using contractors or consultants, it makes sense to reinforce the benefits of the furniture with a installation from Norix.

Benefits of Installation Services:

- Expert installation services, performed by professionals experienced in all facility installations.
- Complex installation capabilities, including field drilling into concrete, secure bolt-down and application of security caulk.
- All labor, installation hardware and materials included.
- Seamless transaction on same purchase order as furniture.
- Reinforces product warranty.

**At Norix, we design
innovative, robust furniture
that meets the real-world
need for humanizing
challenging environments.**

AT NORIX, WE DESIGN INNOVATIVE, ROBUST FURNITURE
THAT MEETS THE REAL-WORLD NEED FOR HUMANIZING
CHALLENGING ENVIRONMENTS.

Individual attributes vary by product. See specification sheet for details
